## LANDSLIDE FOR PISSIS TRACT 5 TO 1 VOTE

Heavy Vote was Cast in all Parts of the District.

The vote for the new high school site was theoretically a landslide. This was largely due to the activities of Palo Alto in trying to absorb the Sequoia district. Our neighboring town through some of the professors of Stanford University, scattered literature broadcast in order to induce the voters of this district to vote down the proposed tax and join Palo Alto Union High School District. This kindled the fires of patriotism in the hearts of the loyal Sequoians which resulted in a vote of over 5 to 1 in favor of the new Pissis site.

There was a large vote cast over the district. Menlo Park was the abner precinct against the proposition, casting 35 votes for it and 109 against. Portola proved to be the banner precinct for the issue, giving 11 votes for and none against. Redwood City had a splendid organization. Every vote was brought to the polls. Those in charge deserve credit for the efforts they put forth to bring out the voters. The result of the election is very gratifying to all. Redwood City will soon have a high school that will be the finest in the state. The site is without a doubt the most attractive of any in the west.

Following is the vote cast by precincts:

|              | Yes  | No  |
|--------------|------|-----|
| Redwood City | 904  | 41  |
| Menlo Park   | 35   | 109 |
| Los Lomitas  | 12   | 30  |
| Belmont      | 43   | 2   |
| San Carlos   | 63   | 3   |
| Portola      | 11   | 0   |
| Runnymede    | 35   | 31  |
| Woodside     | 33   | 13  |
|              | 1136 | 229 |

## SOME DIFFICULTY IN SECURING TEACHERS

For the first time in his fourteen years of office, County Superintendent of Schools Roy W. Cloud had a hard time to fill all of his rural schools. Yesterday he secured a teacher for the last vacancy and the school in the district will begin Monday. Mr. Cloud this week appointed Thomas Quinlan trustee of the Miramar school to take the place of Mr. R. Quilich who lately removed from the district.

## \$10,000 PLANE SOLD THIS WEEK BY VARNY COMPANY.

The Walter Varney Airplane Company in this city sold a \$10,000 Bristol flying machine this week to Chas. Starr, Grass Valley capitalist, who will use the plane for pleasure flying. The company also disposed of a Lincoln Standard to Hunt & Moffitt, of Willows, California, for \$6,000. Both machines were shipped this week, the freight charges on the Bristol to Grass Valley being \$500.

## WOODSIDE CHIPS

Mrs. H. G. West of Colchester, Connecticut, this week has written to prominent citizens here inquiring for the whereabouts of John Laughlin, who resided here several years ago. He is needed to share in a large estate in the State of Connecticut.

The California State Railroad Commission yesterday granted authority to A. A. Hesford to operate an automobile passenger service between Redwood City and Woodside. It is expected that the new service will be started immediately.

Mr. and Mrs. James Atherton Folger have returned to their home at Woodside after a visit at "Idyllwild," the summer home of Frederick Kohl.

Many regrets are expressed at the discontinuance of the Caruso auto stage from Redwood City. Mr. Caruso has gone to Marin county to engage in farming. It is to be hoped someone will take up the work of Mr. Caruso and conduct an auto bus between Redwood City and Woodside. Mr. Caruso made it profitable, why can't others?

Several deer were shot back of Woodside on Sunday. Local hunters returned well satisfied with the first day's sport of the season.

## OUR COUNTY LIBRARIAN OFFERED EXCELLENT POSITION

Miss Anna Bell Bailey, the efficient and energetic librarian for San Mateo county was honored this week by being offered the position of Chief Librarian for the Territory of Hawaii with headquarters at Honolulu. The position is one that requires the chief to make regular visits to the various branches in the several islands and see that all departments of the library service are in proper condition. Miss Bailey is seriously considering the offer and may decide to take it. This is the second offer of a good position that has come to a San Mateo county official. Mr. E. W. Smith, the county entomologist, lately accepted the position of Chief Entomologist for the Department of the Philippines and left for Manila last week.

## ZIMMERMANN IS DELINQUENT IN SUPPORT OF CHILDREN

Mrs. Adeline M. Zimmermann, through her attorney, Archer Kincaid, filed a lengthy petition in the superior court on Thursday setting forth that Thomas R. Zimmermann is delinquent to the amount of \$325 for the support of his two minor children. He has paid the sum of \$715 but he is still short of the sum required by a court order.

Mr. Zimmermann is residing in the north. Mrs. Zimmermann asks that this amount be paid or else the order made by Judge Buck made some time ago admitting defendant to probation be revoked.

## THE PHELPS ESTATE MAY BE SETTLED SOON

It is possible that the contending elements in the Josephine A. Phelps estate will settle their differences very soon and that the affairs of the big estate will be amicably adjusted. The matter of fees, etc., were up for hearing on Thursday. Attorney Sharpstein for the executors made a lengthy speech reviewing the various angles of the lawsuit. At the conclusion of his address he suggested that the attorneys for the various heirs might come together and provide some means of procedure whereby the annuities would be paid. The court at once ordered the several attorneys to meet and proceed along the lines suggested by Sharpstein. A meeting was arranged in San Francisco for the following day. A report of this meeting will be made to the court on Thursday next to which time all matters in the Phelps estate were continued to.

## PALO ALTO "BUTTING IN"

"Discretion is the better part of valor." This is an old saying but a true one. Had Palo Alto used a little discretion and not "butted in" to Redwood City's domestic affairs the elusion yesterday for the high school site would not have been so exciting and the result not so pronounced. She had no business here. However, meddling caused the people to buckle on their armor for the fray. They were aroused by Palo Alto's impudence and as a result every voter came to the polls and cast a ballot for the school site. The result is very gratifying.

This in itself will assure all dance goers of an excellent time and an evening of fun and merriment. Don't fail to attend this dance.

The report shows that there were ten teachers employed in the kindergarten, 183 teachers in the elementary and 50 teachers in the high schools of the county. School was maintained on an average of 182 days in every school of the county with an average daily attendance of 236 in the kindergartens, 6198 in the elementary and 645 in the high schools. District Attorney Franklin Swart has been asked to make inquiries in San Mateo county for an endeavor to locate Charles L. Warren, a time resident of this city, who some time ago completely disappeared from sight and has not been heard from since.

Warren at the time of his disappearance had purchased property in the North Fair Oaks subdivision, south of Redwood City, and has just completed a four-room cottage. The appearance of the cottage suggests that he had left rather suddenly, and it is feared that the man has either died somewhere unknown, or has met with foul play.

The car was driven by M. J. Simpson, chauffeur, who had just taken McClanahan to the 3 o'clock train for San Francisco. Near the corner of Jefferson street the driver encountered the Westphal car and was unable to bring his car to a stop quickly enough to avoid a collision.

Fortunately neither driver was injured, but the McClanahan car was badly damaged while the coupe escaped with a few scratches.

The usual complaints registered each year during the hunting season are coming in to the various courts of San Mateo county. Thursday a complaint was filed in the court of Judge Ray Griffin, Redwood City, against Frank Reed, of Menlo Park, for hunting without a license and for shooting meadowlarks which is in violation of the law. The larks are protected through the fact that they are considered a valuable aid to orchardists and farmers in ridding fruit trees and young plants of bugs and other vermin.

## POSTAL EMPLOYEES MUST NOT MIDDLE IN POLITICS

California postal employees are enraged at the most recent order of Postmaster General Burleson that all but deprives them and their families of the ballot. Neither the employee nor any member of his immediate family is permitted to participate in politics on pain of dismissal.

The Postmaster-general's order on this subject reads:

"Employees are accountable for political activity by persons other than themselves, including wives and husbands."

"This means," said one of the complaining mail carriers, "that if my wife takes any further interest in suffrage or in the woman's clubs in which she has been active in working for suffrage, I will lose my job if the powers-that-be find it out. I know of many wives of postal employees who have been doing good work in politics. They have been good citizens in every sense of the word and now they are disfranchised despite the nineteenth amendment. The order is typical of the Burleson tyrannical domination. No employer of labor in private enterprise would dare go to the lengths Burleson has."

## THE PALO ALTO UNION HIGH SCHOOL

Mayfield, Stanford, Palo Alto

The Palo Alto Union High School Trustees hereby give notice that pupils resident in San Mateo county will be refused admittance to the Palo Alto Union High School at the reopening of the school, September 13, 1920.

The trustees take this action only because recent legal interpretations of the school laws by the Attorney General and the application of these interpretations by the officials of the State Board of Education practically compel this action in pure self defense of the taxpayers of the Palo Alto Union High School District.

These legal interpretations in brief create the following situation:

1. They compel the Palo Alto Union High School to admit pupils regardless of the pupil's residence. This interpretation the Palo Alto Union High School Trustees endorse as sound educational policy for the state, because the high school ought properly to be regarded as state institutions open to all the children of the state.

2. But these legal interpretations go further and compel the Palo Alto Union High School to educate these pupils at the expense of the Palo Alto Union High School district. The Palo Alto Union High School Trustees have thus taken care of the boys and girls in Runnymede for several years. If the pupils coming from San Mateo county were still only a relatively small number, the trustees would cheerfully continue to extend the hospitality of the school to them, but the increasing attendance from San Mateo county makes this impossible, under the conditions laid down by the state officials.

3. The Palo Alto Union High School Trustees take this action with extreme regret, but they submit that present conditions justify them in challenging the correctness of these legal interpretations of the law at this time, by refusing admission to the pupils in question.

## EXTREMES OF LIFE

In the last Sunday number of the "Sentinel," page nine, under the head of "All Coast Roads Lead to San Francisco," will be found the names of two Ocean Shore R. R. stations, that we presume were named after two once prominent men, Henry Cowell and a departed citizen.

Henry Cowell long resided in Santa Cruz, taking under a mortgage the San Mateo Co. ranch on which is now located Cowell station, dying in San Francisco a few years ago a very wealthy man, his land holdings being located in many counties of this state. In an interview with a European visitor we understood Mr. Cowell to say that he was once reduced to a small bit of money in San Francisco, that he owned all the land lying between Santa Cruz and Big Trees and our city limits, that he owned 14,000 acres in Santa Cruz county, 42,000 in California, and that this was a wonderful land of opportunities for a young man.

Fifty years ago this citizen was a leading contractor of San Mateo county, he later grading the fine public highway that connects Pescadero and Halfmoon Bay. He resided at Halfmoon Bay and no one ran for office thereabouts that did not consult Mr. Citizen, a republican boss in his section. He stood well socially and seemed to be on Easy Street, but the last time he called on us in Santa Cruz he appeared to be a pilgrim, and received a small financial loan from which nothing was ever later heard, and some ten years ago word came down the line that he has been called to his fathers.

In riding over the Pescadero and Halfmoon Bay road last month we thought of genial Jack, and realized "how men's works live after them," and reading the words "Cowell" and "Citizen" as the names of railroad stations, the writer felt that these names will be associated together when nearly all who knew these strongly marked characters will be nameless in the minds of people yet to be born.—Santa Cruz Sentinel.

ent Chairman John MacBain, presid-  
ing; T. J. Hickey, Mrs. Rosalie M.

sent Supervisor Jos. M. Francis.

On motion of Hickey, seconded by  
Mrs. Brown, permission was granted  
the Bear Gulch Water company to  
excavate along certain streets and  
roads in the Third township for the  
purpose of laying water mains there-  
on, said permit being granted upon  
the compliance by said company of  
the following conditions:

The depositing with the board of  
supervisors a certified check in the  
sum of \$2,500, covering the paying  
of an inspector to be employed on the  
job and the repair of the road and  
streets interfered with in the laying  
of the water mains.

Attorney Lee T. Ross of Redwood  
City presented to the board a map of  
Tract C, Selby Subdivision, at Atherton,  
which map Ross explained had been  
approved by the city engineer and  
the city board of trustees of Red-  
wood City in compliance with the law.

A resolution prepared by Attorney  
Ross, calling for the approval of the  
map by the board of supervisors was  
thereupon adopted, on motion of  
Thompson, seconded by Mrs. Brown.

Attorney Ross next addressed the  
board and explained that a new map  
of Subdivisions A and B, Wellesley  
Park, had been approved by the city  
trustees of Redwood City in order to  
take care of the increasing of the  
size of the lots in the subdivision.

made necessary through the building  
of the State highway through the  
east end of the park. The law re-  
quired he explained, that a bond be  
filed with the board of supervisors  
in the matter in the sum of \$500.

to cover the guaranty of the payment  
of taxes on the property. This bond  
was approved by the board, on mo-  
tion of Thompson, seconded by Hick-  
ey.

A communication was received  
from Attorney Garrett McEnaney of  
San Francisco, representing the Arch-  
bishop of San Francisco, in which  
protest was made against including  
Holy Cross Cemetery at Colma in  
the new fire district recently formed  
in the unincorporated Town of Colma  
and for which provision was asked  
by the fire commissioners of the

city.

At the close of the session the  
board adjourned until Monday, August  
16, at 10 a. m.

FOR PRESIDENT—  
WARREN G. HARDING

FOR VICE-PRESIDENT—  
CALVIN COOLIDGE

Associate Justice of the Supreme Court—  
WARREN OLNEY JR.

FOR UNITED STATES SENATOR—  
SAMUEL M. SHORTRIDGE

**SAMUEL M. SHORTRIDGE**  
Candidate for United States Senator

**MANY WOMAN'S CLUBS**  
ENDORSE SHORTRIDGE

Two more Los Angeles woman's organizations have endorsed Samuel M. Shortridge, Republican candidate for United States Senator, whose campaign is meeting with widespread support in Southern California. Shortridge is the senatorial choice of the Woman's Republican Club of the Thirty-seventh assembly district. Endorsement of the candidate was signed by Mrs. Louise A. Bruning, president, and Fay F. Stoddard, secretary, following a rousing meeting here.

A similar endorsement was voted by the Women's Republican Club of the Thirty-fourth senatorial district, the officers of which are Mrs. Sterrett Ford, president; Miss Florence Burr, corresponding secretary; Mrs. Robert Hancock, secretary, and Mrs. Eugene Burr, treasurer. Benning P. Cook, a state organizer for Senator Hiram Johnson in the presidential campaign and now doing similar work for Shortridge, has joined the Los Angeles field organization of Shortridge. Cook has just completed a tour through the northern counties of the state where he declares the Shortridge strength in every county is far in excess of his opponents. State Senator E. P. Sample of San Diego on a recent visit to San Francisco gave out a statement endorsing Shortridge and predicting that he will carry San Diego county with Wallace running third. Sample added that Shortridge will get a big vote throughout the south and that his nomination is held certain.

**GOVERNOR COX CRITICIZES WILSON ADMINISTRATION**

The statement by Governor Cox that if elected, he would appoint a "real dirt" Secretary of Agriculture, proved high explosive campaign ammunition for Albert Lindley, Stockton farmer and a Western Republican leader. While at first amused at Governor Cox's criticism of the Wilson administration in naming two theorists to be the agricultural head, Lindley rushed to the defense of former Secretary James Wilson of Iowa, the real builder of the Department of Agriculture, in the following statement to his farmer and rancher friends throughout the West: "Candidate Cox seems to forget that the Republicans placed a real 'dirt farmer' at the head of the department of Agriculture and that he remained there for sixteen years until he made it the greatest department of his kind in the world. This was James Wilson of Iowa, a real farmer from a real farm. He ran it for the farmers and at the same time he made it serve all of the Nation. "When the Democrats took hold of the department they made a university president Secretary of Agriculture and they followed with a publisher to complete the work of driving all remaining practical ideas out of the department. Jim Wilson remained sixteen years to install there qualified men who have no concern about the next Secretary of Agriculture being a real 'dirt farmer.' The Republican party will make certain of that."

"Vote for Shortridge. As a United States Senator he would rank with Senator Hiram W. Johnson and give to the state of California as strong and influential representation in the higher house of Congress as is possessed by any other state in the Union." —Napa Register.

### JUDGE GEORGE A. STURTEVANT

Born in Franktown, Nevada, August 2, 1866. Son of James Hugh and Emma Curry Sturtevant. Married, December 16, 1900 to Pearl Fine. Educated at Ukiah grammar school, 1879-82; Washington College, Irvington, 1883-84; Boone's Academy, 1884; University of California, 1885-89, graduating from that institution with the degree of Ph. B. Admitted by the Supreme Court of this state at Sacramento in May, 1892, commencing the practice of his profession at Ukiah, January 19, 1893. Elected District Attorney of Mendocino county, serving from January, 1894, to December, 1898; Deputy Attorney General, January, 1899, to January, 1907; Assistant Attorney General, January, 1907, to June of that year. Appointed Superior Judge June 30, 1907, and elected to that office November, 1908 and November, 1914.

While in the Attorney General's office, he was attorney for the Insurance Commissioner, the Bank Commission and specially in charge of civil case work. In that capacity he had charge of the Fresno Rate cases and of the Lathrop Grain Rate case. It will be remembered that he was, however, one of the attorneys sent into Mendocino county to assist the prosecution in the celebrated cases known as the Modoc Lynching Cases. While Judge of the Superior Court, he has handled many lines of important litigation of a civil nature. Probably more maritime cases have been tried before Judge Sturtevant than any other trial judge in the state courts. During the time of the Panama-Pacific Exposition a controversy arose between the Philippine government and a prominent San Francisco firm which could not be tried in a state court because the Philippine government is itself a sovereign state. However, the parties stipulated that the controversy be submitted to Judge Sturtevant and that his judgment in the premises should be final.

Many lines of litigation have been brought in his department in which he was placed in the position of a pioneer to map out the practice in constructing the statute or constitution on absolutely new questions. In this connection may be cited the Red-light Abatement cases which were first brought before Judge Sturtevant and he settled the pleadings, which are now being used in every jurisdiction in California.

Another branch of litigation in which he was a pioneer is that class arising under what was formerly known as Amendment No. 1 of the Constitution, which resulted in the separation of state and county taxation. By a stipulation of the parties all of that litigation which was brought in the State of California was assigned to the department of Judge Sturtevant, and the cases were heard there. These cases involved the revenue of the state government, in their amounts totaling many millions of dollars.

Many different labor disputes have arisen in San Francisco during his term of office, and he has heard more of the cases than any other one judge, and it is conceded by the employers and the employed that both sides received a full, fair treatment at his hands.

## MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot  
As Told in Breezy Style  
By Our Reporters

Miss Violet Cochran, the pretty and charming young daughter of Mr. and Mrs. Thomas Cochran, accompanied by her aunt, Mrs. Briscoe of Yolo county, departed on Wednesday for Salt Lake City at which place she will be married tomorrow, to Bernard Larrecou, son of Mrs. Larrecou of Menlo Park. Mr. Larrecou is connected with the U. S. recruiting office of Salt Lake City. The young couple will reside there. Both young people have been childhood companions. They have a host of friends here who wish them a happy wedded life. The bride is an unusually pretty girl, with a charm that has made her many friends on the peninsula. Mr. Larrecou is a veteran of the World War, having served overseas in the navy.

Several financiers were here during the week seeking a location for a bank. They received much encouragement from the business people and others. They will be here again next week to negotiate with property owners for a site for a bank building.

In San Francisco last Saturday a baby boy was born to Mr. and Mrs. William Quilfitt, nee Larrecou. Mrs. Leslie Miller Moore and her young son have arrived home after a three months' visit at Honolulu. Mr. and Mrs. George Angus arrived home yesterday from Coronado where they had a cottage for the past two months.

John Welsh, who was operated upon at the Peninsula hospital for a serious ailment last week, has returned to his home much improved. The Ancient Order of Foresters gave a dance on Wednesday evening in honor of a visit of several grand officers from San Francisco. Refreshments were served after the dance. A large crowd enjoyed the hop.

The Menlo Park baseball nine is now first in the league's series of games. They played with the Federals at Palo Alto last Sunday and defeated that team after a hard fought contest by a score of 5 to 3. It was a lively contest full of interest from start to finish. Hara, the Menlo pitcher featured.

Judge Buck on Monday last confirmed the sale of the contents of the T. A. Casey shoe store belonging to the T. A. Casey estate to Edward M. McLaughlin of Benicia for \$1800. This included the good will and the stock of shoes, and machinery. Mr. McLaughlin with his family of four children and wife will move here next week. He intends to buy a home and make Menlo Park his permanent residence. Mr. McLaughlin is spoken highly of in the business circles of Benicia.

Work on the new seminary at Los Altos was begun last week. Ground was broken for the \$1,000,000 buildings for the junior department of St. Patrick's Seminary here. Leo Delvin is the architect for the structure.

Miss Rose Broggi, who has been a guest of Mr. and Mrs. Braden at Seattle, returned home during the week on account of the illness of her parents. Miss Broggi will return north in a short time.

Mr. and Mrs. Al Midgley returned from a motor trip to the east during the week. They had been gone for three months. Mrs. Midgley visited her parents there.

Arthur Gale motored up from Los Angeles to spend his vacation here with his family. Tuesday he and his mother left in his car for a trip to Butte county to visit A. W. Gale at his mine. After a pleasant visit at the mine the travelers returned here Tuesday night.

## ALL COAST ROADS LEADS TO SAN FRANCISCO

Her people long said, "All roads lead to Rome," but what we want to say to the traveler over them is, all coast roads from Santa Cruz running north lead to San Francisco, and at which city you will arrive after advancing some eighty miles." To do so the autoist will have to travel through San Mateo county from end to end, but as said territorial division is one of the smallest counties in the state, a few acres larger than Santa Cruz county, the trip is a short one. The fact is, that San Mateo county is made important by the wealth and population of San Francisco county, its adjoining neighbor on the north.

While the taxable property of Santa Cruz county is nearly \$21,000,000, the taxable property of San Mateo is some \$40,000,000, and while our population is some 27,000, that of San Mateo is about 40,000.

The city of Santa Cruz is the largest municipality in the two counties but the city of San Mateo has a population of 5,700; Daly City, 6,200; South San Francisco, some 6,000, all on the bay side of San Mateo county, and each probably being larger than Watsonville. Then there is Burlingame, big and growing rapidly.

On the sea side of San Mateo county are located Pescadero, population 500; San Gregorio, 200; Halfmoon Bay, 1,500—"Spaniatown" 70 years ago—and these; Ocean Shore R. R. towns and stations: Tunitas, Lobitos, Sealro, Purissima, Cowell, Fair Haven, Arleta, Half Moon, Palmar, Miramar, South Granada, Granada, North Granada, Princeton, Martinez, Marine, Moss Beach, Mortara, McNea, Green Canyon, Rancho, Pedro Valley, Fleming, Rockaway, Vellemar, Brighton, Salada, Edgemoor, Mussel Rock, Thornton, Crosby, Paoli.

Santa Cruz autoists who do not want to cross the Santa Cruz mountains over any of our detours, or going around a 120-mile circle via Gilroy, should remember that they can cross the coast range via the Pescadero grade, up the Pescadero creek, or up the San Gregorio creek via La Honda, two beautiful drives, or from Halfmoon Bay to the town of San Mateo via the old Hayward toll road, but which is now public property, or immediately up the coast, having to cross a low ridge to get into San Pedro valley, and from this little vale over a low range of trees, but grass-covered hills.

The distance is probably ten miles greater via the coast line from Santa Cruz to San Francisco than via Hotel de Redwood or Glenwood, but it will well pay our citizens who want to familiarize themselves with this section to pass over all the roads that connect the ocean shore with the bay line in our adjacent county of San Mateo, remembering that the mountain passes are lower as they go north—Santa Cruz Sentinel.

### SAINT BECOMES PICKLE

Floy L. Saint on Wednesday was granted an interlocutory decree of divorce by Judge Buck from her husband, Clifford A. Saint, on the ground of desertion. The Saints were married in 1910, and some time ago they have no children and no community property. Mrs. Saint was permitted to resume her maiden name Floy L. Pickle. E. F. Fitzpatrick represented plaintiff.

### WOODSIDE NEWS NOTES

Rube Taylor, the trapper, left on Friday for Eureka to locate trapping grounds in that vicinity. He took 150 traps with him. Last year he had a profitable season.

Julian O'Neill was operated upon at the Redwood hospital last Tuesday for a slight ailment. The operation was performed by Dr. Gregory. Alf Bergl, who has been employed at Neuman Brothers for nearly two years, has gone to San Francisco to reside. He made many friends while here. Mr. Bergl is known to fame as a water wizard. Recently he discovered a fine spring on the John Lawson place which is now being developed by Hugh O'Neill.

The Haaker property consisting of 50 acres at Woodside has been sold to a wealthy San Francisco party. The place is being surveyed. It is a picturesque place suitable for building sites. It is understood that a palatial residence will be erected at once by the new owners.

### STURTEVANT'S QUALIFICATIONS

Sturtevant is a graduate of the University of California; he was four years district attorney of Mendocino county; later he was nine years an assistant to the Attorney General of California; and he is now, and has been, for the last thirteen years, a Judge of the Superior Court in San Francisco. He has the qualifications and should be elected Associate Judge of the District Court of Appeals. Ad.
